Knapp, [*Jakob*] *Hermann.* Blindness from thrombosis of the retinal vessels in facial erysipelas. [1883–84.] Arch. Ophthalm., 13, **1884**, 83–106, 265–266; Arch. Augenheilk., 14, **1885**, 257–278; N. Y. Med. Jl., 39, **1884**, 361–362.

—— Clinical observations on the use of jequirity in trachoma. Arch. Ophthalm., 13, **1884**, 145–156; Arch. Augenheilk., 14, **1885**, 279–289.

—— Further observations on the use of jequirity. Arch. Ophthalm., 13, **1884**, 247–252; Arch. Augenheilk., 14, **1885**, 437–442.

—— On cocaine and its use in ophthalmic and general surgery. Arch. Ophthalm., 13, **1884**, 402–448, 555; Arch. Augenheilk., 15, **1885**, 398–405.

—— A case of ivory exostosis of the ethmoid cells. Extirpation from the orbit. Death. Autopsy. Remarks. Arch. Otol., 13, **1884**, 51–64; Ztschr. Ohrenheilk., 13, **1884**, 307–318.

—— Total removal of an ivory exostosis which completely filled the ear-canal. Recovery. Arch. Otol., 14, **1885**, 121–127; Ztschr. Ohrenheilk., 15, **1886**, 314–319.

—— Ueber die Wünschbarkeit einer gemeinschaftlichen Bezeichnung der Hörschärfe. Deutsch. Natf. Tagebl., **1885**, 311–312.

—— Angeborene, hofartige, weissgraue Trübung um die Netzhautgrube. [1885.] Arch. Augenheilk., 16, **1886**, 73–74.

—— Embolie der Netzhautarterie mit Freibleiben des macularen Seitenastes. [1885.] Arch. Augenheilk., 16, **1886**, 74.

—— Experiments on the action of bacteria on operations of the eye. Arch. Ophthalm., 15, **1886**, 24–50, 494; Arch. Augenheilk., 16, **1886**, 167–190.

—— Ueber die Meridianbezeichnung bei Brillen- und Sehfeldbestimmungen. Arch. Ophthalm., 15, **1886**, 207–210; Arch. Augenheilk., 16, **1886**, 195–197.

—— Dioptry or dioptric? N. Y. Med. Jl., 44, **1886**, 377.

—— Fermentation, putrefaction, and suppuration; with demonstrations and experiments. [1886.] N. Y. Med. Jl., 45, **1887**, 44–45.

—— Report on the first [second and third] series of one hundred successive extractions of cataract, without iridectomy. Arch. Ophthalm., 17, **1888**, 51–73; 18, **1889**, 1–11; 19, **1890**, 280–302; Arch. Augenheilk., 19, **1889**, 1–35; 20, **1889**, 351–366; 22, **1891**, 190–215.

—— A case of lenticonus posterior. Arch. Ophthalm., 18, **1889**, 451–455; Arch. Augenheilk., 22, **1891**, 28–31.

—— A case of tuberculosis of the conjunctiva, with remarks. Arch. Ophthalm., 19, **1890**, 78–85; Arch. Augenheilk., 22, **1891**, 41–46.

—— Ossification of the auricle in consequence of perichondritis seropurulenta. Arch. Otol., 19, **1890**, 45–50; Ztschr. Ohrenheilk., 22, **1892**, 67–71.

—— Orbital optic neuritis, including alcohol and tobacco amaurosis. [1890.] Arch. Ophthalm., 20, **1891**, 123–130.

—— [The lens-measure of the Geneva Optical Company.] Supplementary remarks. Arch. Ophthalm., 20, **1891**, 134–135; Arch. Augenheilk., 25, **1892**, 134–135.

—— The law of symmetry of our eyes as manifested in the direction of their meridians; its rule and its exceptions. [*With discussion.*] Amer. Ophthalm. Soc. Trans., **1892**, 308–314.

—— On the formation of dark angoid streaks as an unusual metamorphosis of retinal hemorrhage. Arch. Ophthalm., 21, **1892**, 289–292.

—— A case of the so-called Bezold variety of mastoiditis. Opening of mastoid. Craniotomy. Death. Autopsy. Abscesses in temporal lobe and cerebellum. Sinus thrombosis on the other side. Arch. Otol., 21, **1892**, 239–252; Ztschr. Ohrenheilk., 24, **1893**, 161–172.

—— A marked case of rudimentary and displaced auricle, with defective development of the side of the face. Arch. Otol., 21, **1892**, 438–440.

—— Mucocele and empyema of the ethmoidal cells and sphenoidal sinuses, causing displacement of the eyeball; their operation from the orbit. Arch. Otol., 22, **1893**, 313–328; Ztschr. Ohrenheilk., 25, **1894**, 217–231.

—— A case of primary tuberculosis of the mastoid process. Arch. Otol., 23, **1894**, 64–66.

—— On sero-mucous cysts beneath the wing of the nose; with the report of a case. Arch. Otol., 23, **1894**, 67–70, 150–151, 154; Ztschr. Ohrenheilk., 26, **1895**, 154–158.

—— Removal of sequestra and a tooth from the floor of the nose. Arch. Otol., 23, **1894**, 71–72, 152–154; Ztschr. Ohrenheilk., 26, **1895**, 158–162.

—— Transplantation d'un lambeau cutané dans l'espace intermarginal des paupières. Ann. d'Oculist., 114, **1895**, 62–63.

—— On the functional examination of the ear. With an exhibition of Bezold's continuous tone series. Arch. Otol., 27, **1898**, 325–334.

—— Clinical experience with Haab's powerful electromagnet. Arch. Ophthalm., 28, **1899**, 167–181; Arch. Augenheilk., 40, **1900**, 223–238.

—— A case of cholesterinic degeneration of an eye from which a chip of steel had been extracted with a magnet ten years before. Arch. Ophthalm., 28, **1899**, 206–207.

—— On the injection of a weak sterile salt solution into collapsed eyes. Arch. Ophthalm., 28, **1899**, 308–312.

—— Note on the use of euphthalmin. Arch. Ophthalm., 28, **1899**, 313–314; Arch. Augenheilk., 41, **1900**, 18–19.

—— Note on the use of holocain. Arch. Ophthalm., 28, **1899**, 315–316; Arch. Augenheilk., 40, **1900**, 368–369.

—— Metastatic gonorrhœal conjunctivitis. [1899.] Arch. Ophthalm., 29, **1900**, 108.

—— A fatal otitic abscess in the left temporal lobe of the brain causing word-blindness. Operation. Autopsy. Arch. Otol., 29, **1900**, 46–52.

—— Retraction movements in a case of congenital contraction of the internal and paralysis of the external rectus of the left eye. Arch. Ophthalm., 29, **1900**, 311–312.

—— A case of a glaucomatous attack following instillation of euphthalmin. Arch. Ophthalm., 29, **1900**, 313–314; Arch. Augenheilk., 42, **1901**, 181–182.

—— Erdély Ó-Tertiär Echinidjei. [Die Alttertiären Echiniden Siebenbürgens.] [1884.] Magyar Földt. Int. Évk., 7, **1884–87**, 43–123; Ung. Geol. Anst. Mitth., 7, **1884–87**, 45–132.

—— Erdély ásványainak kritikai átnézete. [Kritische Uebersicht der Minerale Siebenbürgens.] Orvos-Termt. Értes. (*Termt. Szak*), **1884**, 1–52, 135–160, 281–308; **1885**, 1–22, 185–216; Ztschr. Kryst., 10, **1885**, 96–99; 11, **1886**, 262–263; 13, **1888**, 65–66.

—— Erdély Alsó-Tertiär echinidfaunájáról. (Előleges közlemény.) [Echinid fauna of the Lower Tertiary of Transylvania. (Preliminary communication.)] Orvos-Termt. Értes. (*Termt. Szak*), **1884**, 84–90.

—— Előleges közlemény a Közép-Eocän felső durvamészben újabban talált gerinczes-maradványokról. [Preliminary communication on remains of vertebrates recently found in the Upper Calcaire Grossier of the Middle Eocene.] Orvos-Termt. Értes. (*Termt. Szak*), **1884**, 91–94.

—— Jelentés a gyalui havasok északi szélén, a Kalotaszegben és a Vlegyásza hegységben az 1884. évben, végzett földtani részletes fölvételről. [Bericht über die am Rande des Gyaluer Hochgebirges in der Kalotaszeg und im Vlegyásza-Gebirge im Sommer 1884 ausgeführte geologische Detailaufnahme.] Földt. Közlön., 15, **1885**, 284–295, (*Rés* 465–479).

—— Az aranyi hegy kőzetéről és ásványairól szóló közlemények átnézete és újabb közlemények. [Uebersicht der Mitteilungen über das Gestein und die Mineralien des Aranyer Berges und neuere Beobachtungen darüber.] Math. Termt. Értes., 3, **1885**, 109–129; Math. Nat. Ber. Ungarn, 3 (**1884–85**), 44–63.

—— Kolozsvártt legújabban talált ősemlős csontmaradványok. [Bones of a prehistoric mammal recently found at Klausenburg.] Orvos-Termt. Értes. (*Termt. Szak*), **1885**, 69–70.

—— Az Erdélyi Országos Muzeum meteoritgyüjteményének jegyzéke. [Note on the collection of meteorites of the Transylvanian National Museum.] Orvos-Termt. Értes. (*Termt. Szak*), **1885**, 70–75.

—— Bericht über die im Gebiete der Komitate Kolos und Szolnok-Doboka im Sommer 1885 durchgeführte geol. Detailaufnahme. Ung. Geol. Anst. Jber., **1885**, 62–79.

—— Bericht über das Resultat des Mineraliensammelns im vergangenen Sommer. Ztschr. Kryst., 10, **1885**, 95–96.

—— Harmadik pótlék Erdély ősemlősei és az ősemberre vonatkozó leleteinek kimutatásához. [Dritter Nachtrag zu dem Verzeichnisse der Ursäugethier-Ueberreste von Siebenbürgen und auf den Urmenschen bezüglichen Formen.] Orvos-Termt. Értes. (*Termt. Szak*), **1886**, 21–24; Földt. Közlön., 17, **1887**, 291–292.

—— Ásványtani közlemenyek Erdélyből. [Mineralogische Mittheilungen aus Siebenbürgen.] Orvos-Termt. Értes. (*Termt. Szak*), **1886**, 211–226; Ztschr. Kryst., 13, **1888**, 607–610.

—— Bericht über die in dem südlich von Klausenburg gelegenen Gebiete im Sommer d. J. 1886 durchgeführte geologische Detailaufnahme. Ung. Geol. Anst. Jber., **1886**, 55–90.

—— Erdély felső Terciér üledékeinek Echinidjei. [Die Echiniden der Obertertiären Ablagerungen Siebenbürgens.] Orvos-Termt. Értes. (*Termt. Szak*), **1887**, 129–146, (*Rés.* 255–271).

—— Bericht über die im Sommer 1887 durchgeführte geologische Specialaufnahme des westlich von Torda gelegenen Gebietes im Torda-Aranyoser Comitate. Ung. Geol. Anst. Jber., **1887**, 29–66.

—— A brassói hegység földtani szerkezetéről és talajvizviszonyairól. [Geologische Structur und Grundwasserverhältnisse des Kronstädter Gebirges.] [1887.] Magyar Tud. Ak. Értek. (*Termt.*), 17, **1888**, *No.* 3, 19 pp.; Földt. Közlön., 20, **1890**, 237–238.

—— Új cölestin- és barytelőfordulás Torda közelében. [Neues Cölestin- und Barytvorkommen in der Nähe von Torda.] [1887.] Math. Termt. Értes., 6, **1888**, 78–83; Min. Petr. Mitth., 9, **1888**, 416–422.

—— Új adatok a Kolozsvár vidéki diluviális fauna ismeretéhez. [Neue Daten zur Kenntniss der diluvialen Fauna

der Gegend von Klausenburg.] Orvos-Termt. Értes. (*Termt. Szak*), **1888**, 13–18, (*Rés.* 111–117).

—— Újabb előfordulása rézbányai ásványok. [Neuere Mineralvorkommnisse von Rézbánya.] Orvos-Termt. Értes. (*Termt. Szak*), **1888**, 102, (*Rés.* 240).

—— Ásványtani közlemények Erdélyből. [Mineralogische Mittheilungen aus Siebenbürgen.] Orvos-Termt. Értes. (*Termt. Szak*), **1888**, 181–196, (*Rés.* 228–235); **1890**, 141–154, (*Rés.* 229–242).

—— A málnási hypersthéntartalmu augitandesit előfordulási viszonyairól. [Ueber die Verhältnisse des Vorkommens des hypersthenithaltigen Augitandesites von Málnás in Ostsiebenbürgen.] Orvos-Termt. Értes. (*Termt. Szak*), **1888**, 249–252, (*Rés.* 297–301).

—— Sabal major, *Ung.*, *sp.*, Erdély fossil flórájában [in der fossilen Flora Siebenbürgens]. Orvos-Termt. Értes. (*Termt. Szak*), **1888**, 272–274, (*Rés.* 302–303).

—— Ergänzende Beobachtungen über das Cölestin- und Barytvorkommen bei Torda in Siebenbürgen. [1888.] Min. Petr. Mitth., 10, **1889**, 89.

—— Az 1886. évi erdélyi földrengésekről. [Bericht über die siebenbürgischen Erdbeben im Jahre 1886.] Földt. Közlön., 19, **1889**, 5–11, (*Rés.* 74–82).

—— A Kolozsvár vidéki durvamész-rétegek, különös tekintettel azok ipari értékére. [Die Grobkalkschichten der Umgebung Klausenburgs, mit besonderer Rücksicht auf deren technischen Werth.] Orvos-Termt. Értes. (*Termt. Szak*), **1889**, 129–139, (*Rés.* 175).

—— Új paläontologiai adatok Erdély ifjabb Harmadkori képződményeiből. [Neue paläontologische Daten aus den jüngeren Tertiärbildungen Siebenbürgens.] Orvos-Termt. Értes. (*Termt. Szak*), **1889**, 140–152, (*Rés.* 176–181).

—— A Gr. Mikó-szobor talapzatának köve. [Ueber den Sockelstein des Gr. Emer. Mikó-Monumentes.] Orvos-Termt. Értes. (*Termt. Szak*), **1889**, 166–169, (*Rés.* 181–182).

—— A Kőmál diluvialis kavicsában legújabban talált ősemlős maradványok. [Die im diluvialen Schotter des Kőmál neuestens gefundenen Säugethierreste.] Orvos-Termt. Értes. (*Termt. Szak*), **1889**, 281–282, (*Rés.* 304).

—— Jelentés az Erdélyi Múzeum-Egylet megbizásában a múlt nyáron tett földtani kirándulásaimnak eredményeiről. [Geologische Beobachtungen in Siebenbürgen.] Orvos-Termt. Értes. (*Termt. Szak*), **1890**, 325–334, (*Rés.* 366–368).

—— Az erdélyi medencze Harmadkori (Tertiär) képződményei. 1. rész: Paleogén csoport. [Die Tertiärbildungen des siebenbürgischen Beckens. 1. Theil. Paläogene Abteilung.] Math. Termt. Értes., 9, **1891**, 172–181; Math. Nat. Ber. Ungarn, 9, **1892**, 151–161; Magyar Földt. Int. Evk., 10, **1892–94**, 159–356; Ung. Geol. Anst. Mitth., 10, **1892–94**, 177–397.

—— A hidegszamosi csontbarlang ismertetése. [Eine neue Knochenhöhle im Kalten-Szamos Thale.] Orvos-Termt. Értes. (*Termt. Szak*), **1891**, 1–12, (*Rés.* 75–82).

—— Újabb erdélyi ősemlős maradványok. [Reste eines Creodonten aus der Braunkohle von Egeres.] Orvos Termt. Értes. (*Termt. Szak*), **1891**, 73 (*Rés.* 92).

—— Az 1888. évi erdélyi földrengésekről. [Ueber die siebenbürgischen Erdbeben im Jahre 1888.] Földt. Közlön., 22, **1892**, 358–362, (*Rés.* 394–399).

—— Földtani észleletek az erdélyi medencze külömböző pontjain. [Geologische Beobachtungen an verschiedenen Punkten des Siebenbürgischen Beckens.] Orvos-Termt. Értes. (*Termt. Szak*), **1892**, 65–78, (*Rés.* 108–117), 241–255, (*Rés.* 334–340); **1893**, 35–54, (*Rés.* 91–99); **1894**, 1–34, (*Rés.* 81–98); **1895**, 1–19, (*Rés.* 85–89).

—— A Fruska-Gora geologiai alkata, legújabb felvétele alapján. [Ueber die geologische Structur der Fruscа-Gora.] Földt. Közlön., 23, **1893**, 288–289, (*Rés.* 327–328).

—— Új adatok a gyalui havasok földtani szerkezetének pontosabb ismeretéhez. [Neue Beiträge zur genaueren geologischen Kenntniss des Gyalaer Hochgebirges.] [1893.] Földt. Közlön., 24, **1894**, 98–110, (*Rés.* 135–142).

—— A Fruskagóra geologiája. [Geologie der Fruskagora.] [1894.] Math. Termt. Közlem., 26, [**1895**], 479–572; Math. Nat. Ber. Ungarn, 13, **1897**, 45–127.

—— A Gryphæa Eszterházyi, *Pávay*, előfordulásáról és elterjedéséről. [Ueber das Vorkommen und die Verbreitung der Gryphæa Eszterházyi, *Pávay*.] [1896.] Földt. Közlön., 26, **1897**, 324–330, (*Rés.* 360–366).

—— Prohyracodon orientalis, egy új ősemlős Erdély Közép-Eocän rétegeiből [ein Ursäugethier aus den Mitteleocänschichten Siebenbürgens]. Math. Termt. Értes., 15, **1897**, 130; Termr. Füz., 20 (**1897**), 481–500; Math. Nat. Ber. Ungarn, 15, **1899**, 361.

—— Újabb megfigyelések és gyüjtés Felső-Lapugyon. [Neuere Beobachtungen und Aufsammlung in Felső-Lapugy.] Földt. Közlön., 28, **1898**, 209–226, (*Rés.* 265–277).

—— Az erdélyi medencze ifjabb Harmadkori képződményei. [Die jüngeren Tertiärbildungen des siebenbürgischen Beckens.] Math. Termt. Értes., 6, **1898**, 421–436; Math. Nat. Ber. Ungarn, 16, **1899**, 59–76.

—— A kisczelli párkánysík geologiai szelvényének mintája. [Modell eines geologischen Profil's der Kleinzeller Terrasse.] [1898.] Földt. Közlön., 29, **1899**, 33–37, (*Rés.* 121–126).

—— Egy kihalt czetfélének farkcsigolya-maradványai Kolozsvárról. [Schwanzwirbel-Reste eines ausgestorbenen Cetaceen von Kolozsvár.] Földt. Közlön., 29, **1899**, 148–153, (*Rés.* 204–209).

Koch, *Arthur.* Ueber die Dämpfung der Torsionsschwingungen von verschiedenen Metalldrähten. Ann. Phys. Chem., 36, **1889**, 122–145.

—— Zwei neue Atractocerus-Arten von Togo. Deutsche Ent. Ztschr., **1895**, 163.

—— Hispinæ von Togo. Deutsche Ent. Ztschr., **1895**, 189–200.

—— Macratria læviceps, *n. sp.* von Togo. Deutsche Ent. Ztschr., **1895**, 200.

—— Die Languria-Arten von Togo. Deutsche Ent. Ztschr., **1895**, 201–207.

—— Doubledaya Lewisii, *n. sp.* Languriidarum. Deutsche Ent. Ztschr., **1895**, 208.

—— Neue Cetoniden von Madagascar, gesammelt von Herrn Ch. Alluaud. Deutsche Ent. Ztschr., **1895**, 219–224.

—— Hispa viridicyanea, *n. sp.* von Gabun. Deutsche Ent. Ztschr., **1895**, 270.

—— Hadrocnemus spectabilis, *n. sp.*, vom Niger-Benue. Deutsche Ent. Ztschr., **1895**, 271–272.

—— Ueber Carabus nigrino-pomeranus, *Rade*. Deutsche Ent. Ztschr., **1895**, 272.

—— Pœcilophana, *n. g.* Cetonidarum, errichtet auf Cetonia ochroplagiata, *Heller* (S. 283). Deutsche Ent. Ztschr., **1895**, 285–287.

—— Ueber einige Macronotiden-Varietäten. Deutsche Ent. Ztschr., **1895**, 288.

—— Ueber einige Arten der Melolonthiden-Gattung Dicrania, *Serv.* Deutsche Ent. Ztschr., **1895**, 316–320.

—— Leucocelis Nickerli, *Kraatz*. Deutsche Ent. Ztschr., **1895**, 362.

—— Ueber die Carabiden-Gattung Imaïbius, *Bates*. Deutsche Ent. Ztschr., **1895**, 363–369.

—— Nigidius spectabilis, *n. sp.* Deutsche Ent. Ztschr., **1895**, 370.

—— Beschreibung des Weibchens von Glyptothea Whiteheadi, *Bates*. Deutsche Ent. Ztschr., **1895**, 370.

—— Neue exotische Cetoniden-Arten. Deutsche Ent. Ztschr., **1895**, 371–384.

—— Ueber angeblich dreizähnige Mittelschienen von Cryptotrogus, *Krtz.*, und angeblich einzähnige Hinterschienen von Cyphonotus Anketeri, *Herbst*. Deutsche Ent. Ztschr., **1895**, 409–413.

—— Cyphonotus testaceus, *Pallas*, ist kein ♀, sondern ein ♂, und oryctoides, *Semenoff*, wahrscheinlich das ♀. Deutsche Ent. Ztschr., **1895**, 413–415.

—— [Gnorimus cupreus, *n. sp.*] Deutsche Ent. Ztschr., **1895**, 415.

—— Tæniodera bifasciata, *n. sp.* Deutsche Ent. Ztschr., **1895**, 416.

—— Goliathus intermedius, *n. sp.*? Deutsche Ent. Ztschr., **1895**, 438–439.

—— Argyrophegges, *n. g.* Goliathidarum. Deutsche Ent. Ztschr., **1895**, 441–443.

—— Acanthovalgus, *n. g.* Valginorum. Deutsche Ent. Ztschr., **1895**, 444.

—— Zwei neue Languria-Arten von Nord-Borneo. Ent. Nachr., 21, **1895**, 195–196.

—— Drei neue Adoretus-Arten. Wien. Ent. Ztg., 14, **1895**, 250–252, 276.

—— Hadronigidius, *n. g.* Lucanidarum aus Ostafrika. Deutsche Ent. Ztschr., **1896**, 65–66.

—— Fornasinius Hauseri, eine neue Goliathiden-Art aus Kamerun. Deutsche Ent. Ztschr., **1896**, 67–70.

—— Neue Cetoniden aus Ostafrika, gesammelt von R. von Bennigsen. Deutsche Ent. Ztschr., **1896**, 71–80.

—— Buprestiden aus dem Zanzibar-Gebiete und dem Hinterlande, gesammelt von Herrn von Bennigsen. Deutsche Ent. Ztschr., **1896**, 81–87.

—— Pentaplatarthrus Bennigsenii, eine neue Paussiden-Art aus Ostafrika. Deutsche Ent. Ztschr., **1896**, 88.

—— Varietäten der Dicranorrhina Oberthüri, *Deyr.* Deutsche Ent. Ztschr., **1896**, 111–112.

—— Ueber Bolbotritus Bainesi, *Bates*, eine auffallende Bockkäfergattung. Deutsche Ent. Ztschr., **1896**, 153.

—— Cyrtocerus, neue ostafrikanische Prioniden-Gattung Deutsche Ent. Ztschr., **1896**, 154–156.

—— Ueber einige Arten der Rüsselkäfer-Gattung Polycleis. Deutsche Ent. Ztschr., **1896**, 184.

—— Eine neue Dicrania (Melolonthide) von Paraguay. Deutsche Ent. Ztschr., **1896**, 189.

—— Trigonocnemis, *Kraatz*, ist von Semenow mit Recht zu den Ruteliden gestellt. Wien. Ent. Ztg., 15, **1896**, 203–204.

—— Einige Bemerkungen zu dem vorgehenden Aufsatze. [Uebersicht der Arten der Coleopteren-Gattung: Liparus, *Oliv.* (Molytes, *Schönh.*).] [1897.] Deutsche Ent. Ztschr., **1896**, 323–324.

—— Goliathus intermedius ist sicher Varietät von giganteus. [1897.] Deutsche Ent. Ztschr., **1896**, 326.

—— Ueber Pseudocechenus (!) pseudonothus, *Kraatz*. [1897.] Deutsche Ent. Ztschr., **1896**, 327–329.

—— Bestimmungstabelle 34 der europäischen Coleopteren. Carabidæ. 1. Abtheilung Carabini. [1897.] Deutsche Ent. Ztschr., **1896**, 330–336.

—— Ueber die Varietäten des Amaurodes Passerinii, *Westw.* [1897.] Deutsche Ent. Ztschr., **1896**, 349–350.

—— Ueber die Gattung Micrelaphinis, *Schoch*. [1897.] Deutsche Ent. Ztschr., **1896**, 350–352.

—— Tetragonorhina, *n. g.* Cetonidarum. [1897.] Deutsche Ent. Ztschr., **1896**, 369–370.

—— Hæmatonotus Hauseri, *n. sp.* [1897.] Deutsche Ent. Ztschr., **1896**, 371–374.

—— Ueber einige Schoch'sche Cetoniden. [1897.] Deutsche Ent. Ztschr., **1896**, 375–376.

—— Ueber die Varietäten des Carabus Wiedemanni, *Mén.* [1897.] Deutsche Ent. Ztschr., **1896**, 377–380.

—— Einige neue Valgus-Arten von Borneo. [1897.] Deutsche Ent. Ztschr., **1896**, 380–382.

—— Ist Platycarabus pseudonothus, *Kraatz*, ein Pseudocechenus, *Mor.*? Deutsche Ent. Ztschr., **1897**, 31–32.

—— Zwei neue ansehnliche Psammodes-Arten aus Ostafrica. Deutsche Ent. Ztschr., **1897**, 46–48.

—— Zwei neue Tmesorhina-Arten. Deutsche Ent. Ztschr., **1897**, 150.

—— Grypocnemis, neue africanische Cetoniden-Gattung. Deutsche Ent. Ztschr., **1897**, 151–152.

—— Chordodera guttulata, *n. sp.* Deutsche Ent. Ztschr., **1897**, 152–153.

—— Trichotarsus, neue Cetoniden-Gattung gegründet auf Ischnoscelis, *Westwood*. Deutsche Ent. Ztschr., **1897**, 157–158.

—— Ceropria viridis, *n. sp.* Deutsche Ent. Ztschr., **1897**, 160.

—— Rhabdotis sobrina, *Gory* = picta, *Fabr. var.* Deutsche Ent. Ztschr., **1897**, 191–192.

—— Zwei neue Stenovalgus aus Ostafrica. Deutsche Ent. Ztschr., **1897**, 247.

—— Die Cetoniden-Gattung Chordodera, *Burm.*, gehört nicht zu den Diplognathiden. Deutsche Ent. Ztschr., **1897**, 248.

—— Goliathus Atlas, *Nickerl* = giganteus, *Lam. var.* Deutsche Ent. Ztschr., **1897**, 249–252.

—— Ueber das Männchen des Dialithus magnificus, *Parry*. Deutsche Ent. Ztschr., **1897**, 326.

—— Nachträge zur monographischen Revision der Gattung Popillia. Deutsche Ent. Ztschr., **1897**, 327–331.

—— Verzeichniss der Popillia und Ischnopopillia, in Vorder-Indien gesammelt von Herrn E. Andrewes. Deutsche Ent. Ztschr., **1897**, 332.
—— Molynoptera, *n. g.* Cetonidarum prope Eucosma aus Ostafrica (Usambara). Deutsche Ent. Ztschr., **1897**, 335–336.
—— Ueber die von Prof. Schoch beschriebenen neuen Cetoniden. Deutsche Ent. Ztschr., **1897**, 401–404.
—— Cetonia purpurascens, *n. sp.* Deutsche Ent. Ztschr., **1897**, 405.
—— Protætia Heydeni, *n. sp.* Deutsche Ent. Ztschr., **1897**, 406.
—— Pseudoprotætia pilicollis, *n. sp.* Deutsche Ent. Ztschr., **1897**, 406–407.
—— Eine neue Gnathocera aus Ostafrica. Deutsche Ent. Ztschr., **1897**, 408.
—— Ueber einige Macronota-Arten. Deutsche Ent. Ztschr., **1897**, 409–410.
—— Ueber einige Agestrata-Arten. Deutsche Ent. Ztschr., **1897**, 410–411.
—— Niphetophora maculipes, *Kraatz* ♂. Deutsche Ent. Ztschr., **1897**, 411.
—— Ueber einige Diplognatha-Arten. Deutsche Ent. Ztschr., **1897**, 412–413.
—— Ueber Pterostichus glaber, *Vorbringer*. Ent. Nachr., 23, **1897**, 355–356.
—— Ueber Exemplare des Goliathus Atlas, *Nickerl*, vom Volta-Fluss. Deutsche Ent. Ztschr., **1898**, 11–12.
—— Hadrodiplognatha, *n. g.* Diplognathidarum, gegründet auf Diplognatha herculeana, *Bainbr.* Deutsche Ent. Ztschr., **1898**, 13.
—— Pachnoda bella, *n. sp.* Deutsche Ent. Ztschr., **1898**, 14–15.
—— Cetonia magnifica, *Kraatz*, von Bangalore. Deutsche Ent. Ztschr., **1898**, 15.
—— Ueber einige Mausoleopsis - (Cetoniden -) Arten. Deutsche Ent. Ztschr., **1898**, 16.
—— Psadacoptera bipunctata, *n. sp.* von Natal. Deutsche Ent. Ztschr., **1898**, 92.
—— Pseudaplasta, *n. g.* Cetonidarum. Deutsche Ent. Ztschr., **1898**, 93–94.
—— Stenolomaptera, *n. g.* Cetonidarum. Deutsche Ent. Ztschr., **1898**, 95–96.
—— Zwei neue Psiloptera-Arten von Usambara. Deutsche Ent. Ztschr., **1898**, 199–200.
—— [Simorrhina quadrimaculata, *n. sp.*] Deutsche Ent. Ztschr., **1898**, 200.
—— Vier neue westafricanische Gnathocera-Arten. Deutsche Ent. Ztschr., **1898**, 201–204.
—— Ueber die Varietäten der Helionica Westwoodi, *Thoms.* Deutsche Ent. Ztschr., **1898**, 215–216; **1899**, 238.
—— Hybothorax, *n. g.* Cetonidarum von Java. Deutsche Ent. Ztschr., **1898**, 379–380.
—— [Ueber Glycyphana-Arten.] Deutsche Ent. Ztschr., **1898**, 381–384, 405.
—— Ueber die Macronotiden-Gattung Atænia, *Schoch*, und [seine] Auffassung der Arten derselben. Deutsche Ent. Ztschr., **1898**, 385–396.
—— Ueber einige Clinteria-Arten. Deutsche Ent. Ztschr., **1898**, 397–399.
—— Chiroscelis Mülleri, *n. sp.* aus Ostafrica. Deutsche Ent. Ztschr., **1898**, 400.
—— Ueber die beiden Geschlechter und die Varietäten der Coquerelia (Anochilia) flavipennis, *Kraatz*, und rufipes, *Kraatz*, aus Madagascar. Deutsche Ent. Ztschr., **1898**, 401–405.
—— Poecilophilides, *n. g.* Cetonidarum. Deutsche Ent. Ztschr., **1898**, 406.
—— Pseudanthracophora, *n. g.* Cetonidarum. Deutsche Ent. Ztschr., **1898**, 407–408.
—— Cetonia tristicula, *n. sp.* Deutsche Ent. Ztschr., **1898**, 409.
—— Ueber Alaus propinquus, *Schwarz*, und intermedius, *Krtz.*, *n. sp.*? Deutsche Ent. Ztschr., **1898**, 414.
—— Ueber Alaus truncatipennis, *Bohem.* Deutsche Ent. Ztschr., **1898**, 416.
—— Verzeichniss der von Herrn Weyers in Südwest Sumatra gesammelten Cleridæ. Brux., Soc. Ent. Ann., 43, **1899**, 212–217.
—— Verzeichniss der von Herrn Weyers in Südwest Sumatra gesammelten Languridæ. Brux., Soc. Ent. Ann., 43, **1899**, 218–219.
—— Neue Cymophoriden aus Africa. Deutsche Ent. Ztschr., **1899**, 55–61.
—— Pseudospiliphorus, *n. g.* Deutsche Ent. Ztschr., **1899**, 62–64.
—— Verzeichniss der von Hrn. Conradt in Westafrica (Kamerun, Togo) gesammelten Cleriden. Deutsche Ent. Ztschr., **1899**, 81–107.
—— Pseudoprotætia puncticollis, *n. sp.* Deutsche Ent. Ztschr., **1899**, 108–109.
—— Adoretus guttulatus, *n. sp.* von Ukambani. Deutsche Ent. Ztschr., **1899**, 109.
—— Stalagmosoma megastalactica, *n. sp.* Deutsche Ent. Ztschr., **1899**, 110.
—— Zwei neue deutsch - ostafricanische Gnathocera. Deutsche Ent. Ztschr., **1899**, 111.
—— Leistotrophus (?) giganteus, *n. sp.* (Staphylinide). Deutsche Ent. Ztschr., **1899**, 112.
—— Revision der africanischen Tenebrioniden - Gattung Gonocnemis, *Thoms.* Deutsche Ent. Ztschr., **1899**, 113–119.
—— Cosmiophæna, *n. g.* Cetonidarum. Deutsche Ent. Ztschr., **1899**, 120.
—— Oxyrrhaphia, *Kolbe* 1895 = Niphetophora, *Kraatz* 1883. Deutsche Ent. Ztschr., **1899**, 121–122.
—— Macronota regia, *n. var.* bicolor, *Krtz.* Deutsche Ent. Ztschr., **1899**, 122.
—— Pararhabdotis, *n. g.* Cetonidarum Coryphoceridarum. Deutsche Ent. Ztschr., **1899**, 123–124.
—— Neue Arten der Gattung Incala, *Thomson*, aus Ost- und West-Africa. Deutsche Ent. Ztschr., **1899**, 125–127.
—— Macronota venerea, *Thoms.*, *var. nov.* apicalis, *Krtz.* Deutsche Ent. Ztschr., **1899**, 127.
—— Nannopopillia viridula, *n. sp.* Deutsche Ent. Ztschr., **1899**, 128.
—— Goniochilus niger. Deutsche Ent. Ztschr., **1899**, 128.
—— Eine neue Ceratogonia-Art von Transvaal. Deutsche Ent. Ztschr., **1899**, 141–142.
—— Pachnoda Dieliana. Deutsche Ent. Ztschr., **1899**, 142.
—— Pleuropterus flavolineatus, *n. sp.* (Pausside). Deutsche Ent. Ztschr., **1899**, 143.
—— Paraneptunides, *n. g.* Cetonidarum. Deutsche Ent. Ztschr., **1899**, 210.
—— Einige neue ostafricanische Popillia-Arten. Deutsche Ent. Ztschr., **1899**, 211–214.
—— Cœnochilus squamiger, *n. sp.* Deutsche Ent. Ztschr., **1899**, 215.
—— Megalorrhina Harrisii, *Westw.*, *var. nov.* 4-maculata. Deutsche Ent. Ztschr., **1899**, 216.
—— Zwei neue Cetoniden von der Molukkeninsel Dammer. [1900.] Deutsche Ent. Ztschr., **1899**, 237–238.
—— Genyodonta plagiata, *Kraatz*, Genyodonta Jansoni, *Gestro* (Expl. del Giuba 1895) ♀ var.? [1900.] Deutsche Ent. Ztschr., **1899**, 239.
—— Ueber die Languriiden-Arten von Kamerun nebst einigen verwandten Formen. [1900.] Deutsche Ent. Ztschr., **1899**, 307–315.
—— Cymophorus floccosus. [1900.] Deutsche Ent. Ztschr., **1899**, 316.
—— Neue ostafricanische Leucocelis - Arten. [1900.] Deutsche Ent. Ztschr., **1899**, 317–320.

—— [Eine dritte africanische Distolaca-Art.] [1900.] Deutsche Ent. Ztschr., **1899**, 320.
—— Einige Bemerkungen zu Gorham's Aufsatz von 1896 : Languridæ in Birmania et regione vicina a Leonardo Fea collectæ. [1900.] Deutsche Ent. Ztschr., **1899**, 345–352.
—— Cetoniden vom Nyassa-See in der Sammlung des Hrn. Dr. Veth in Rotterdam. [1900.] Deutsche Ent. Ztschr., **1899**, 352.
—— Phocasoma, *n. g.* Aleocharinorum. [1900.] Deutsche Ent. Ztschr., **1899**, 363–364.
—— Zwei neue ostafricanische Polystalactica - Arten. [1900.] Deutsche Ent. Ztschr., **1899**, 365–366.
—— Dinonota, *Krtz., n. g.* Diplognathidarum. [1900.] Deutsche Ent. Ztschr., **1899**, 367–368.
—— Eine neue Carolina, *Thoms.*-Art von Borneo. [1900.] Deutsche Ent. Ztschr., **1899**, 398–399.
—— Glycyphana binotata. [1900.] Deutsche Ent. Ztschr., **1899**, 399.
—— Mausoleopsis 4-maculata. [1900.] Deutsche Ent. Ztschr., **1899**, 400.
—— Dilochrosis nigra. Deutsche Ent. Ztschr., **1900**, 74.
—— Einige neue Cetoniden-Arten. Deutsche Ent. Ztschr., **1900**, 75–76.
—— Ueber die Gattung Phonotænia, *Kraatz.* Deutsche Ent. Ztschr., **1900**, 77–78.
—— Rhadinotænia, *n. g.* auf Gametis? clytus, *Westw.* Deutsche Ent. Ztschr., **1900**, 79.
—— Trymodera Duvivieri, *Schoch*, vom Nyassa - See. Deutsche Ent. Ztschr., **1900**, 80.
—— Protætia regalis, *var. nov.* Horni, *Kraatz.* Deutsche Ent. Ztschr., **1900**, 144.
—— Varietäten einiger Glycyphana-Arten von Neu-Guinea. Deutsche Ent. Ztschr., **1900**, 186–188.
—— Cleriden aus Ceylon gesammelt von Hrn. Dr. Horn. Deutsche Ent. Ztschr., **1900**, 189–192.
—— Amblyopinus Brandesi, *n. sp.* Deutsche Ent. Ztschr., **1900**, 212.
—— Fornasinius Darcisi, *Krtz.* (neuer Goliathide). Deutsche Ent. Ztschr., **1900**, 220.
—— Ueber die Varietäten der Protætia soloriensis, *Wall.* Deutsche Ent. Ztschr., **1900**, 221–222.

—— Neue Schlupfwespen aus Nord- und Mittel-Deutschland. Ent. Nachr., 16, **1890**, 289–297.

—— Tryphoniden-Studien. Ent. Nachr., 17, **1891**, 34–46, 133–141, 247–252, 298–303; 18, **1892**, 40–43.

—— Cryptiden-Studien. Ent. Nachr., 17, **1891**, 162–172, 225–228; 18, **1892**, 340–352, 362–365, 370–373; 19, **1893**, 54–60, 119–127, 145–153.

—— Zwei neue Macrophyaarten. Ent. Nachr., 17, **1891**, 188–191, 228.

—— Blattwespen-Studien. Ent. Nachr., 18, **1892**, 98–101.

—— Ein neuer Psilomastax. Ent. Nachr., 18, **1892**, 101.

—— Ueber Tryphon mesoxanthus und punctus, *Gr.* Antwort an Herrn Dr. R. von Stein. Ent. Nachr., 18, **1892**, 203–204.

—— Xylonomiden- und Pimpliden-Studien. Ent. Nachr., 18, **1892**, 211–220.

—— Ophioniden-Studien. Ent. Nachr., 18, **1892**, 232–236.

—— Zwei neue Tryphoniden-Gattungen. [1890.] Schweiz. Ent. Ges. Mitth., 8, **1893**, 207–210.

—— Neue Schlupfwespen aus der Schweiz. [1890.] Schweiz. Ent. Ges. Mitth., 8, **1893**, 235–236.

—— Ein als Sachse in die deutsche Fauna eingeschmuggelter Indianer. Ent. Nachr., 19, **1893**, 153–155.

—— Hymenoptera Ichneumonidea, a medico nautico Dr. Joh. Brauns in [itineribus] ad oras Africæ occidentalis lecta. Berlin. Ent. Ztschr., 39, **1894**, 43–68, 297–318.

—— Zwei neue Schlupfwespen-Gattungen. Ent. Nachr., 20, **1894**, 58–61.

—— Die Gattung Tropistes und eine neue Art derselben. Ent. Nachr., 20, **1894**, 260–262.

—— Himenópteros nuevos de Mallorca recogidos por D. Fernando Moragues (presbítero). Madrid, Soc. Hist. Nat. An., 23, **1894**, 239–253.

—— Ichneumonidæ novæ e fauna Hungarica Musæi Nationalis Hungarici. Termr. Füz., 17 (**1894**), 48–60.

—— Hymenoptera nova exotica Ichneumonidea e collectione Dr. Rich. Kriegeri Lipsiensis. [1894.] Leipzig Natf. Ges. Sber., 19–21, **1895**, 124–136.

—— Aus der Riviera. Reiseberichte. Ent. Nachr., 21, **1895**, 161–166.

—— Ueber die von [ihm] um S. Remo gefangenen Mutillen. Ent. Nachr., 22, **1896**, 40–48.

—— Beitrag zur Kenntniss der Lebensweise des Scarabæus (Ateuchus) laticollis. Ent. Nachr., 22, **1896**, 56–58.

—— Joppa apicalis und Ichneumon xanthomelas, *Brullé* = Ichn. instructor, *F.* Ent. Nachr., 22, **1896**, 65–67.

—— Neueste Studien über die ♂ des Ichneumon extensorius und suspiciosus. Ent. Nachr., 22, **1896**, 99–113.

—— Ichneumonologica varia. Ent. Nachr., 22, **1896**, 353–372; 24, **1898**, 309–314; 25, **1899**, 66–72, 295–303.

—— Neue oder wenig bekannte Ichneumoniden in der Sammlung des Ung. National-Museums. Termr. Füz., 19 (**1896**), 128–139.

—— Neue Pimpliden des Berner Museums. [1895.] Schweiz. Ent. Ges. Mitth., 9, **1897**, 260–266.

—— Entomologica varia. Ent. Nachr., 23, **1897**, 43–45, 119–124, 165–176, 184–192.

—— Ein Parasit der seltenen Eupithecia Millierata. Ent. Nachr., 23, **1897**, 316–317.

—— Mesochorus gigas, *nov. sp.* ♀. Ent. Nachr., 23, **1897**, 332–333.

—— Die Gattung Joppa. Ent. Nachr., 24, **1898**, 1–36.

—— Ueber Diophrys cæsa, *Klg.*, und inculcatrix, *auct.*, nebst einer neuen Art dieser Gattung. Ent. Nachr., 24, **1898**, 181–185, viii.

—— Ueber den Bracon (Cœloides) initiator und eine neue Art dieser Gattung. Ent. Nachr., 24, **1898**, 246–247.

—— Sobre la preparación de los Himenópteros. Madrid, Soc. Hist. Nat. An., 27, **1898** (*Act.*), 162–167.

—— Diagnosis de Himenópteros nuevos de España. Madrid, Soc. Hist. Nat. An., 27, **1898** (*Act.*), 168–172.

—— Beitrag zu einer Monographie der Joppinen, einer Unterfamilie der Ichneumoniden. [1898.] Berlin. Ent. Ztschr., 43, **1899**, 1–166.

—— Von ihrer Königl. Hoheit der Prinzessin Therese von Bayern auf einer Reise in Südamerika gesammelte Insecten. 1. Hymenopteren. b. Hymenoptera reliqua. Berlin. Ent. Ztschr., 45, **1900**, 97–107.

—— Neue Schlupfwespen. Ent. Nachr., 26, **1900**, 169–175.

—— Alomya mœrens, *Pty.* Ent. Nachr., 26, **1900**, 293–294.

—— Ueber den Cryptus 4-guttatus, *Gr.* Ent. Nachr., 26, **1900**, 350–351.

—— Offenbare Unrichtigkeiten in Thomson's Erklärung de-

Hinterflügels der Cryptiden. Ent. Nachr., 26, **1900**, 359–360.

Kriechbaumer, *Josef*, **Emery,** *Carlo*, & **Gribodo,** *Giovanni*. *See* **Emery, Gribodo & Kriechbaumer.**

Krieg, *M[artin]*. [Untersuchungen betreffend den zeitlichen Verlauf der galvanischen Polarisation.] [1884.] Danzig Schr., 6, **1884–87** (*Heft* 2), xv–xvii.

—— In welchem Abhängigkeitsverhältnis steht die zeitliche Abnahme der galvanischen Polarisation zur Natur der Elektrolyten und Elektroden. Exner, Repertm., 21, **1885**, 805–815.

—— Ueber neue Formeln für den Elektromagnetismus und deren praktische Verwerthung. Elektrotechn. Ztschr., 7, **1886**, 102–107, 202–204.

—— Ueber magnetische Kraftlinien. Magdeb. Nat. Ver. Jber. u. Abh., **1887**, ix–x.

Krieg, *Otto*. Ueber Grundeis. Wetter, 5, **1888**, 270–273; 11, **1894**, 41–42.

—— [Ueber Eisfilamente.] Wetter, 6, **1889**, 46–47.

—— Ueber Eishöhlen. Wetter, 9, **1892**, 237–240.

—— Ueber ein Eisloch in Schlesien. Breslau, Schles. Ges. Jber., **1895** (*Abth.* 2*a*), 97–100.

—— Eine Eishöhle in Schlesien. Wetter, 12, **1895**, 192.

Krieg von Hochfelden, *Franz* (*Frhr.*). Ueber die eindeutige Beziehung von Räumen mittelst projectiver Ebenenbüschel und ihre Anwendung auf Constructionsaufgaben. Ztschr. Math. Phys., 29, **1884** (*Suppl.*), 38–72.

—— Ueber die durch den Integralausdruck

$$\phi(t) = \int_s \frac{R_1(z, w)}{R_2(z, w) - t}\, dz$$

dargestellten Functionen, wobei $R_1(zw)$ und $R_2(zw)$ algebraische Functionen einer und derselben Riemann'schen Fläche sind. [1886.] Wien, Ak. Sber., 94, **1887** (*Abth.* 2), 221–243.

—— Ueber projective Beziehungen, die durch vier Gerade im Raume gegeben sind. [1888.] Wien, Ak. Sber., 97, **1889** (*Abth.* 2*a*), 806–837.

Kriege, *H[ermann]*. Ueber das Verhalten der Nervenfasern in den multiplen Fibromen der Haut und in den Neuromen. Virchow, Arch., 108, **1887**, 466–493.

—— Ueber hyaline Veränderungen der Haut durch Erfrierungen. Virchow, Arch., 115, **1889**, 64–84.

—— Ueber vasomotorische Störungen der Haut bei der traumatischen Neurose. Arch. Psychiatr., 22, **1891**, 241–256.

Krieger, [*Ferd. Mich.*]. Ueber elektrische Strassenbahnen und ihren Einfluss auf Galvanometer. Königsb. Schr., 34, **1893**, [18]–[19].

—— [Umwandlung der Energie der Kohle direkt in Elektrizität.] [1895.] Civilingenieur, 42, **1896**, 3–4.

Krieger, [*Josef*]. [The relationship of external surroundings to the spread of tubercular disease.] Nature, 60 (**1899**), 108–109.

Krieger, *E*. Die Orientirungsübertragungen für Ort und Gegenort von Querschlag IV in der −308m-Sohle (598m unter Tage) bei Bürgerschacht II bez. Bahnhofschacht der Zwickauer Bürgergewerkschaft. [1899.] Jbuch. Berg- u. Hüttenw., **1900**, 1–15.

Krieger, *H[ans Th.]*, & **Cohnheim,** *Otto*. *See* **Cohnheim & Krieger.**

Krieger, *J. Nep.* [Beobachtungen des Mercurdurchgangs 1891 Mai 9.] Auf der Privatsternwarte in Gern bei München. Astr. Nachr., 127, **1891**, 217–218.

—— [Beobachtungen der totalen Mondfinsterniss 1891 Nov. 15.] Auf der Privatsternwarte Gern-Nymphenburg bei München. Astr. Nachr., 128, **1891**, 429–430.

—— Le cirque lunaire Fracastor. Astronomie, **1894**, 9–10.

—— Le cirque Triesnecker et ses environs. Brux., Soc. Belge Astr. Bull., 4, **1899**, 97–99.

Krieger, *Richard*. Zwei Hymenopterenzwitter. Ztschr. Naturwiss., 65, **1892**, 137–140.

—— Ein Beitrag zur Kenntniss der Hymenopterenfauna des Königreichs Sachsen. II. Verzeichniss der bis jetzt in Sachsen aufgefundenen Faltenwespen, Goldwespen und Ameisen. [1894.] Leipzig Natf. Ges. Sber., 19–21, **1895**, 136–148.

—— Zwei neue Ichneumoniden von Borkum. Ent. Nachr., 23, **1897**, 7–10.

—— Ueber einige mit Pimpla verwandte Ichneumonidengattungen. [1898.] Leipzig Natf. Ges. Sber., 24 & 25, **1899**, 47–124.

Krieger, *W*. Fungi saxonici exsiccati. Diagnosen der bisher noch nicht veröffentlichten Arten. Hedwigia, 35, **1896**, (143)–(145).

Krieghoff, *E*. Die Gross-Schmetterlinge (Macrolepidoptera) Thüringens und ihre Entwickelungsgeschichte. [1884.] Jena Geogr. Ges. Mitth., 3, **1885**, 94–170, 242.

Kriemler, *Charles J*. Eine Anwendung der Formeln für die Nebenspannungen der Fachwerkstäbe. Förster, Allg. Bauzeitg., 59, **1894**, 37–40.

—— Die von den Querkräften hervorgerufene Deformation der materiellen Querschnitte eines auf Biegung belasteten geraden rechteckigen Stabes. Förster, Allg. Bauzeitg., 61, **1896**, 41–42.

Krienes, *Hans*. Ueber Adaptation und Adaptationsstörung (akute Hemeralopie). Arch. Augenheilk., 31, **1895** (*Festschr.*), 139–193.

—— Der Lichtsinn und Farbensinn bei Erkrankungen der Netzhaut, Aderhaut und des Sehnerven. Arch. Augenheilk., 33, **1896**, 251–289, 349–438; Arch. Ophthalm., 28, **1899**, 416–427.

Kries, *G. von*. Ueber die Ursachen des Auftretens von Oxalsäure in den geschiedenen Säften. Ztschr. Ver. Rübenzuckerind., 47, **1897** (*Th.* 2), 755–757.

Kries, *J[ohannes] von*. Ueber die Abhängigkeit der Erregungs-Vorgänge von dem zeitlichen Verlaufe der zur Reizung dienenden Elektricitäts-Bewegungen. Arch. Anat. Physiol. (*Physiol. Abth.*), **1884**, 337–372.

—— Bemerkungen zu der Arbeit von Aubert "die Helligkeit des Schwarz und Weiss." Pflüger, Arch. Physiol., 33, **1884**, 249–251.

—— *Ueber die Beziehungen zwischen Druck und Geschwindigkeit, welche bei der Wellenbewegung in elastischen Schläuchen bestehen. [1883.] Freiburg Ber., 8, [**1885**] (*Suppl.*), 67–88.

—— Untersuchungen zur Mechanik des quergestreiften Muskels. Zweite Abhandlung. [Nach Versuchen von Dr. med. Hochhaus.] Arch. Anat. Physiol. (*Physiol. Abth.*), **1885**, 67–78.

—— Notiz über das Federrheonom. Arch. Anat. Physiol. (*Physiol. Abth.*), **1885**, 85.

—— Ueber die Erregung des motorischen Nerven durch Wechselströme. Freiburg Ber., 8, [**1885**], 170–205.

—— Zur Kenntniss der willkürlichen Muskelthätigkeit. Arch. Anat. Physiol. (*Physiol. Abth.*), **1886** (*Suppl.*), 1–16.

—— Zur Theorie der Gesichtsempfindungen. Arch. Anat. Physiol. (*Physiol. Abth.*), **1887**, 113–119.

—— Ueber ein neues Verfahren zur Beobachtung der Wellenbewegung des Blutes. Arch. Anat. Physiol. (*Physiol. Abth.*), **1887**, 254–284, 376.

—— Ueber summirte Zuckungen und unvollkommenen Tetanus. Freiburg Ber., 2, **1887**, 37–42.

—— Entgegnung an Herrn E. Hering: [Beleuchtung eines Angriffes auf die Theorie der Gegenfarben.] Pflüger, Arch. Physiol., 41, **1887**, 389–397.

—— Nochmalige Bemerkung zur Theorie der Gesichtsempfindungen. Arch. Anat. Physiol. (*Physiol. Abth.*), **1888**, 380–388.

—— Untersuchungen zur Mechanik des quergestreiften Muskels. Dritte Mittheilung. Ueber den zeitlichen Verlauf summirter Zuckungen. [Nach Versuchen der HH. A. Bürkle und G. Thoma.] Arch. Anat. Physiol. (*Physiol. Abth.*), **1888**, 537–548.

—— Ueber die Untersuchung des Pulses mittels der Flammen-Tachographie. Deutsch. Natf. Tagebl., **1889**, 413.

—— Die Untersuchung des Pulses mittelst der Gas-Tachygraphie. [1889.] Centrbl. Physiol., 3, **1890**, 314–315.
—— Ueber das Erkennen der Schallrichtung. Ztschr. Psychol., 1, **1890**, 235–251, 488.
—— Ueber die Beziehungen der Physik und der Physiologie. [1891.] Freiburg Ber., 6, **1892**, 1–17.
—— Untersuchungen zur Mechanik des quergestreiften Muskels. [Vierte Mittheilung. Nach Versuchen des Herrn Dr. Max Rheinbold.] Arch. Anat. Physiol. (*Physiol. Abth.*), **1892**, 1–21.
—— Ueber das absolute Gehör. Ztschr. Psychol., 3, **1892**, 257–279.
—— Ueber den Einfluss der Adaptation auf Licht und Farbenempfindung und über die Funktion der Stäbchen. [1894.] Freiburg Ber., 9, **1895**, 61–70.
—— Ueber einige Beobachtungen mit dem Capillarelektrometer. Arch. Anat. Physiol. (*Physiol. Abth.*), **1895**, 130–141.
—— Untersuchungen zur Mechanik des quergestreiften Muskels. Fünfte Mittheilung. Arch. Anat. Physiol. (*Physiol. Abth.*), **1895**, 142–153.
—— Ueber die Abhängigkeit centraler und peripherer Sehschärfe von der Lichtstärke. Centrbl. Physiol., 8, **1895**, 694–697.
—— Ueber die Natur gewisser mit den psychischen Vorgängen verknüpfter Gehirnzustände. Ztschr. Psychol., 8, **1895**, 1–33.
—— Ueber die functionellen Verschiedenheiten des Netzhaut-Centrums und der Nachbartheile. Arch. f. Ophthalm., 42, **1896** (*Abth.* 3), 95–133.
—— Ueber die Funktion der Netzhautstäbchen. Ztschr. Psychol., 9, **1896**, 81–123.
—— Ueber die Wirkung kurzdauernder Lichtreize auf das Sehorgan. Ztschr. Psychol., 12, **1896**, 81–101.
—— Ueber das Purkinje'sche Phänomen und sein Fehlen auf der Fovea centralis. [1896.] Centrbl. Physiol., 10, **1897**, 1–3.
—— Ueber die dichromatischen Farbensysteme (partielle Farbenblindheit). [1896.] Centrbl. Physiol., 10, **1897**, 148–152.
—— Ueber das Sehen der total farbenblinden Netzhautzone. Centrbl. Physiol., 10, **1897**, 745–749.
—— Ueber Farbensysteme. Ztschr. Psychol., 13, **1897**, 241–324, 473.
—— Ueber die Farbenblindheit der Netzhautperipherie. Ztschr. Psychol., 15, **1897**, 247–279.
—— Ueber die absolute Empfindlichkeit der verschiedenen Netzhautteile im dunkeladaptierten Auge. (Nach Versuchen der Herren Dr. Breuer und A. Pertz.) Ztschr. Psychol., 15, **1897**, 327–351.
—— Ueber die anomalen trichromatischen Farbensysteme. Ztschr. Psychol., 19, **1899**, 63–69.
—— Kritische Bemerkungen zur Farbentheorie. Ztschr. Psychol., 19, **1899**, 175–191.
